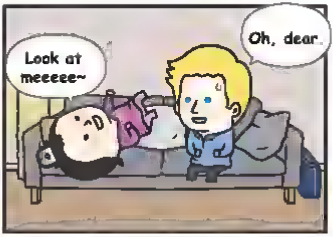
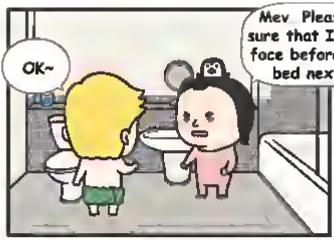
Drunken Penguin

Three ar four times a year,
I drink quite a lat.

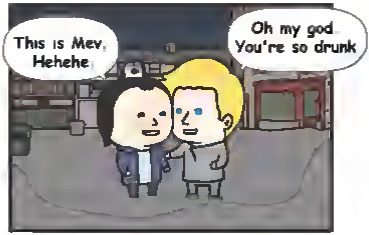
Unlike me,
Mev doesn't drink much



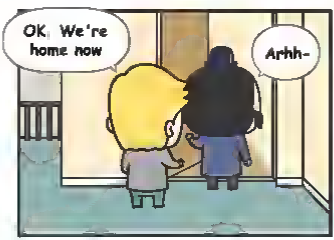
It's not like I act out of drunkenness



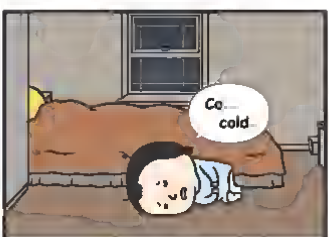
However, it definitely means that I can't control myself if I'm drunk.



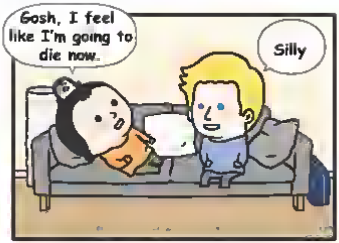
Lately, I met my friends and I drank too much again.



When I got back home,
I almost passed out.



Only one thing that
I remember is that I fell down from
the bed and slept on the floor.



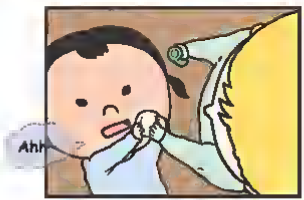
Next day, I had a mega hangover.

I heard what happened last night from Mev.

Ah... They were closed.
Yeah. You complained about it a bit but soon fell on the bed so
I removed your make up.

Come here Penguin. I'll wipe your make up

So... get this on this pad



Ahh

Ah ah No!
Penguin, no!!
AHHH~

...
...

I was a hungry dog
